

4.11 Area laterale e area totale della piramide retta

$$A_L = \frac{2p \cdot a}{2} = p \cdot a \quad \longrightarrow \quad \text{apotema}$$

$$A_t = A_b + A_L \quad \text{da cui si ricavano le formule inverse.}$$

4.12 Volume della piramide

$$V = \frac{A_b \cdot h}{3} \quad \text{da cui si ricavano le formule inverse.}$$
